Subject: Land near Thorny Beck, Stubs Lane, Staintondale - NYM/2019/0200/FL

Hello Wendy

Re: erection of agricultural storage building for Teydale Farming Ltd.

Following our conversation today, I attach a copy of the 1:10,000 scale land ownership plan dwg. no. 1507-3.

For clarification, I'm advised the access track (1) was constructed over some two years ago to afford inclement weather access and (2) is not within the crown spread of any existing trees. At the junction with Stubs Lane, the access was increased to 7.0M wide with inward opening gates; 4 photos attached.

Core policy D: the proposed building will be provided with artificial lighting only and will not be heated.

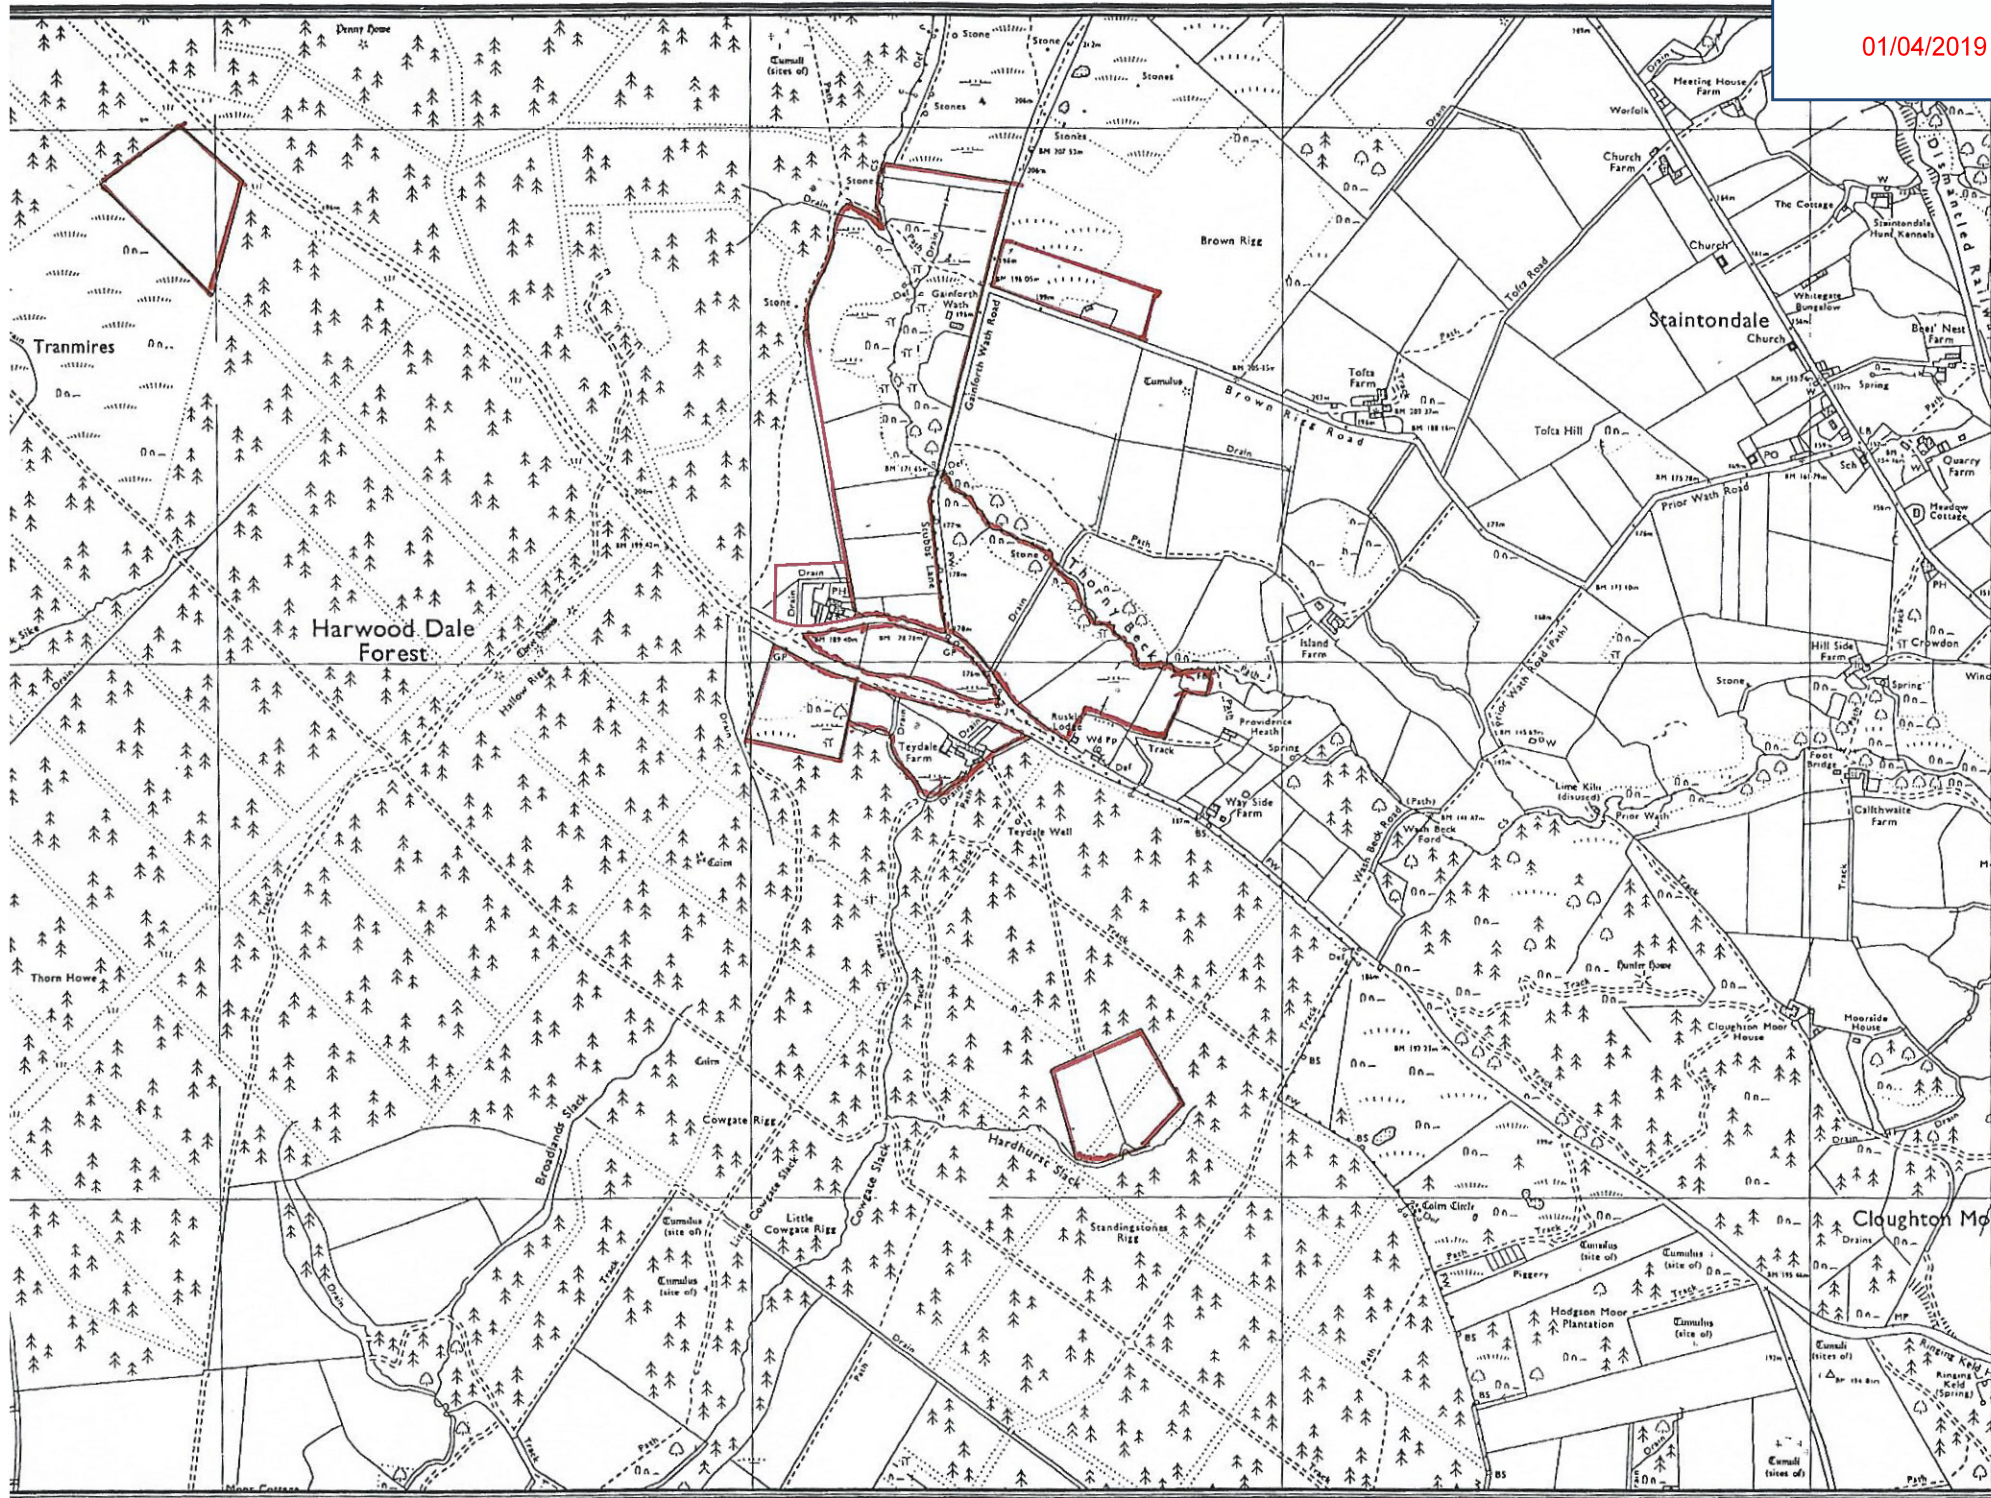

Thank you for your valued assistance.

Best regards

Richard
