Subject: FW: NYM18/374/FL at land adjacent to Botton Village Store, Botton Village, Danby

Mark,

Please see below from Wayne which sets out traffic management proposals for the new car park.

As far as "capturing" cars is concerned, we will be encouraging/directing staff to park in the new car park thereby reducing the amount of traffic around the community. I plan to have someone walking around for the first few weeks after the car park has been installed, armed with some reminder cards that will be left on vehicles that have not used the new car park. I will also be reminding staff through emails/meetings etc of the need to restrict staff parking in other areas. This will be an "education" process initially which might escalate to a 3 strikes and your out type deal. I would like to have appropriate signage at the entrance to the car park to direct staff and visitors to park in the new car park.

Kind regards,

Hannah
