Dear Ian,

This applicant was deferred from Committee as Members expressed the opinion that it may be more appropriate to be for Local Occupancy only with no holiday let, due to amenity issues. I have discussed this with the applicant but would be grateful for confirmation that you are willing to proceed on this basis. The application will then be

taken back to the next planning committee.

Kind regards

Hilary

Dear Hilary

I have contacted our client and he has confirmed that he would not be opposed to receiving approval for a local occupancy dwelling if that is all that could be achieved.

Best wishes
