Hi Hilary,

plan attached with green line around the plant to help highlight its position.

I was unsure if Mark Hill took any photos of it and recorded the position when he visited for the pre-app.

Hope this helps.

Afternoon Louis,

I'm looking at the plans submitted regarding the concrete plant alterations. I may well have missed something, but I can't see on a block plan where the concrete plant is located?

Please could you clarify.

Thanks

Hilary
