Date: 30 April 2019

Dear Mr Cox

Verification check of conditions 4, 18, 34, 45, 46, 47, 52, 57, 60, 68, 70, 71, 73, 76, 79, 81, 87, 91, 92, 93, 94, 95 and 97 of planning approval NYM/2017/0505/MEIA at Land at Woodsmith Mine (formerly Doves Nest Farm & Haxby Plantation), Sneatonthorpe (minehead); underneath 252 km² of the NYMNP (winning & working of minerals); a corridor extending underground from the edge of the NP boundary to Wilton Complex (mineral transport system); Ladycross Plantation near Egton, Lockwood Beck Farm near Moorsholm, Tocketts Lythe, near Guisborough (intermediate shaft sites); site within the eastern limits of the Wilton Complex, Teeside (tunnel portal)

I refer to your letter and accompanying documents of 21 March 2019 in application for the partial discharge (phase 10 stage) of planning conditions relating to the Woodsmith Mine site (planning permission NYM/2017/0505/MEIA).

I can now advise you that your application has been approved. Please note that, following relevant consultations, the Environment Agency has advised that an abstraction licence will be required and should be applied for where volumes of dewatering are likely to exceed the exempted quantities.

Please do not hesitate to contact the case officer, Rob Smith, should you require any clarification of this matter.

Yours sincerely

R M Smith
Senior Minerals Planner
