Dear Sirs

As the owner of the adjoining property (No 8 South End) and the owner of two neighbouring properties (6a South End and 4 South End) I have objections to the proposed Scheme at 10 South End, Osmotherley.

As I understand the position a decision on the Scheme has recently been deferred for a site visit. I write to suggest that by doing the proposed building work my access to No 8 would be restricted.

I am unhappy about the proposed windows that overlook the garden at No 8, I feel the privacy of my garden will be undermined.

I am unhappy about the 'outbuildings' being developed into a dwelling that would allow occupants to look in to and over the garden at No 8, again undermining the privacy.

I feel that the proposed development would be detrimental to the aesthetic appearance of this particularly quaint part of South End.

I would also point out Ms Livingston has not requested access over my property to carry out works to the gable overlooking my garden at No 8, I would be very reluctant to allow any access should she so request.

Yours faithfully

Mr Simon D Foster

Attn: Mrs Ailsa Teasdale

Dear Sirs,

Ref NYM/2017/0717/

I have previously advised to my neighbour at 10 South End, that I have no objections to the above scheme. I understand that a decision on the above development has now been deferred and so would take this opportunity to now confirm my support for the scheme as it would improve the adjoining outbuildings and frontage to the street.

Yours sincerely,

Rex Abbott

For the attention of :
Mrs A Teasdale

Dear Sirs,

NYM/2017/0717/FL – 10 South End Osmotherley

I live in South End, on the opposite side of the road, close to No 10 and support the proposed development as it brings long term empty buildings back into use as housing and tidies up that corner of the village.

Yours sincerely

Samuel Hind
