Dear Hilary

In relation to the highway points raised we will update our proposals to reflect the following;

***Point 1 – parking to be moved closer to the building frontage i.e. in off the red line***

***Point 2 – parking to be moved in off the site boundary (east)***

***Point 3 – site access to include in the red line***

***Point 4 – deliveries to take place at the property frontage***

***Point 5 – four spaces to south east corner could be moved and/or re-orientated to face north to achieve additional parking spaces***

Kind regards,

David McCormack RIBA APMP
