Subject: Spaunton Quarry – proposed history and background visit

Dear All

I am writing to invite you to visit Spaunton Quarry to learn more about its history and background. Last Friday ten of your fellow Members attended a formal site visit at Spaunton Quarry in connection with a planning application submitted by George Winn-Darley. During that visit they had the opportunity not only to inspect the site in relation to the planning application, but to learn about the quarry's history and see for themselves how the Restoration Plan has been implemented.

Given that this site is vast (200 acres), unique and has been the subject of much consideration and debate by the NYMNPA, it seems sensible to invite those Members who could not attend on Friday to see the landscape for themselves and have the opportunity to ask questions. I am proposing that this be an informal visit for background/education purposes only (especially since I am unqualified to answer technical/planning questions – my role is project management and PR).

I am happy to arrange either a group visit or to escort Members individually, depending upon preference and available dates.

Please let me know whether you would find a visit to the quarry of interest. I look forward to hearing from you.

Kind regards

Jan
