Dear Planning

I write in connection with the above and also to make sure the application has been validated for the 3 no. cottages and not one as the acknowledgement letter currently states.

iApply only allows for one address to be entered however the notes section and the planning supporting clearly advises that the application covers all three cottages and lists the names of the cottages, those being Rigg View, Abbey View and Honey Suckle Cottages.

I just wanted to check that the application is considering all three (under the one variation application) and whether you feel the development description should reflect this.

Please don't hesitate to contact me if you have any further queries on this.

Kind regards

Cheryl Ward
