Sleights,
Whitby YO22 5EP

Planning ref: NYM/2019/0567/FL

Dear Sirs

With reference to the above planning application I would like to submit an objection to the length of the proposed balcony area.

I have no problem with the patio door area having an exit and landing with stairs onto the garden. My worry is that a balcony area the full length of the building means that anyone using it would be literally looking directly down into the whole my garden therefore creating a complete invasion of my privacy.

I would be grateful for your consideration for my privacy in this matter.

Yours faithfully

Mr P Holmes
