Subject: Straw shed planning

Instead of a sketched block plan I've taken a picture from google earth an number the building in the order I've describe them as hope this is ok
Many thanks
Chia Malthouse

Others

	Average number throughout the year	Additional information
Other Livestock, i.e. Horses	~ 5 horses	these horses are on Livery

Land

	Area in Hectares	Additional information
Size of Holding	186.155	
Available Grazing Land	26.30	
Arable Lane	159.851	
Moorland	—	
Grazing Land on Short Term Tenancy	—	

Agricultural Buildings

List main existing agricultural buildings and use	Approximate dimensions in metres	Is it a modern or traditional building?
1. grain store/lambing shed	9.4 meters - 22 meters	modern
2. grain and Fert store	9.4 meters - 22 meters	modern
3. work shop	10 meters - 4 meters	traditional building
4. Stacks/lose boxes	10 meters - 4 meters	traditional building
5. Tin shed/tractor shed	9.4 meters - 18 meters	modern
6. Pig shed	30 meters - 33 meters	modern
7.		
8.		

Proposed building(s) and use	Dimensions in metres
1. Straw shed	30 metres - 15 metres
2.	

Please Note: It would be helpful if you could attach a sketched block plan annotating which building is which as referred to above.

Please detail below how the farming operation on site may change as a result of the proposal i.e. increase in stock levels or justification for the use of the new building.

there would no great change to my farming practice
 it would just allow me to keep my straw
 dry as we use over 2000 bales a year and
 they are all store outside and there is a lot of waste
 wet straw
