The above named Authority being the Planning Authority for the purposes of your application validated 23 October 2019, in respect of proposed development for the purposes of **alterations to layout of pitches, reduction in number of units to 14 (9 no. static caravans and 5 no. holiday lodges), relocation of cliff top car parking area and demolition of cafe building at Whitby Holiday Park, Saltwick Bay** has considered your application and has **granted** permission for the proposed development subject to the following conditions:

1. The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.
2. The development hereby approved shall be only carried out in strict accordance with the detailed specifications and plans comprised in the application hereby approved or in accordance with any minor variation thereof that may be approved by the Local Planning Authority.
3. All hard and soft landscape works comprised in the approved details of landscaping, including the proposed timber post and rail fence to the existing car park, shall be carried out no later than the first planting and seeding seasons following the completion of the new car park or in accordance with a programme agreed by the Local Planning Authority. Any trees or plants planted in accordance with this condition which, within a period of five years from the completion of the development, die, are removed or become seriously damaged or diseased shall be replaced in the current or next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

Continuation of Decision No. NYM/2019/0727/FL

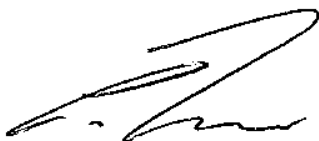

2. The applicant is encouraged in regard to the grass area to the southwest of the new car park hereby approved that this should be cut on a twice annual rotation (in January/March and late August/September) with the removal of the cuttings to help reduce the coarser vegetation and tussocks while encouraging more flowering herbs which will improve the site for biodiversity as well as improve its appearance during the summer months. Furthermore the area of existing car park which is to be fenced off and turned back to grass should be established using local native seed or green hay taken from nearby species rich meadows. Appropriate grass species for this area include Sweet Vernal Grass, Crested Dog's-tail and Red Fescue with a good selection of herbs with a relatively low proportion of species such as Perennial Rye and Yorkshire Fog which are common on nutrient enriched sites.

**Reasons for Conditions**

1. To ensure compliance with Sections 91 to 94 of the Town and Country Planning Act 1990 as amended.
2. For the avoidance of doubt and to ensure that the details of the development comply with the provisions of NYM Core Policy A and NYM Development Policy 3, which seek to conserve and enhance the special qualities of the NYM National Park.
3. In order to comply with the provisions of NYM Development Policy 3 which seeks to ensure that new development incorporates a landscaping scheme which is appropriate to the character of the locality and retains important existing features.

**Explanation of how the Authority has Worked Positively with the Applicant/Agent**

The Local Planning Authority has acted positively in determining this application by assessing the scheme against the Development Plan and other material considerations and subsequently granting planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

## Rights of Appeal

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State of Department of Communities and Local Government in accordance with Section 78 of the Town and Country Planning Act 1990, within six months of the date of this notice (12 weeks in the case of a minor commercial application). The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

- (2) If permission to develop land is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State, the owner of the land may claim that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the council of the county/district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

Note: If an aggrieved applicant wishes to exercise their right of appeal as above mentioned, they should do so using a form which you can get from the Secretary of State at:

**Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 00 00) or online at [www.planningportal.gov.uk/planning/appeals](http://www.planningportal.gov.uk/planning/appeals)**

### Notes

1. Please note, only the applicant possesses the right of appeal.
2. No consent, permission or approval hereby given absolves the applicant from the necessity of obtaining the approval, under the Building Regulations, of the District Council in whose area the site of the proposed Development is situated; or of obtaining approval under any other Bye-Laws, local Acts, orders, regulations and statutory provisions in force; and no part of the proposed development should be commenced until such further approval has been obtained.
3. In your own interests your attention is particularly drawn to the conditions under which approval has been given to your proposals. Failure to comply fully with the conditions could lead to enforcement action resulting in work already done being demolished or prosecution in Magistrates' Court.
4. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within 28 days of the date of this notice.
5. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.
