Good afternoon Jill

Here is the final piece of information requested, a letter from our plumber.

In case you can't open this (as we use Pages) I am copying and pasting below:

EMAIL:

Water supply to cabin

25mm MDPE blue water main pipe laid from house across field at a depth of 750mm. To minimise damage to any tree roots and disturbance to any more ground the water mains pipe was then routed below the path down to the cabin.

Thanks and have a good week-end

Lorraine
