Proposed Straw Shed Extension

30th March 2020.

NYMNP

03/04/2020

We propose to build an extension to our existing straw shed with grey fibre cement roof sheets with inter-spaced skylights. Walls to be Yorkshire Boarding all to match existing shed for the purpose of housing straw. We will use existing access

The size of the proposed extension is:

13.5 metres long

20 metres wide

5 metres to eaves

7.8 metres overall height
with a 15° pitch
