Morning Ailsa,

Please accept this email as confirmation that the extended winter opening hours is to be withdrawn (therefore no change to condition No.10) from the application as suggested.

In respect of lighting, the lights on wheels used for the dual slalom in the winter will no longer be used. The flood light used primarily for the same function fixed to the east gable will be removed from the building.

The lighting will therefore be as previously agreed during discharge of conditions.

It trust this will now enable the permission to be granted and the 106 agreement amended accordingly.

Regards

Louis
