

Important Information

The plans submitted as part of any notification considered by the Planning Committee will be scanned and possibly used in a slide presentation of the scheme. It is essential, therefore, that the plans are sufficiently clear so that the details of the proposal can be easily seen when projected onto the screen.

If the plans are not clear resulting from, for example, discoloured paper or particularly fine line drawings it may be difficult for Members of the Committee to appreciate fully the details of the scheme which could result in a delay in the determination of a notification if Members consider it appropriate to seek further clarification of aspects of the development proposed. Please try to ensure that submitted plans are clear and that they meet the requirements set out in this Guidance Note.

Supporting Agricultural Information Form (where appropriate)

The purpose of this form is to provide basic information on the farm system to help assess the need and appropriateness of an agricultural building within the National Park.

THE FARM WAS PURCHASED IN 2016. WE HAVE
BEEN RESTRUCTURED THE FARM/BUSINESS TO BECOME
SUSTAINABLE NOW AND MORE IMPORTANTLY THE FUTURE
AS WELL AS THE EXISTING TRACTOR SHEDS THAT WE
NEED FOR EQUIPMENT, FOR THE NEW GRAPE
CROP WE NEED A CLEAN PROTECTED SHED TO
LOOK AFTER THE CROP,

Supporting Agricultural Information

Applicants/Agents are encouraged to complete the tables below as this will enable the Authority to speed up the processing of the notification. The purpose of this form is to provide basic information on the farm system to help assess the need and appropriateness of an agricultural building within the National Park.

Livestock Numbers	Average Number Throughout the Year	Notes
Dairy Cows		
Suckler Cows/Heifers Over 24 Months		
Followers (6-24 months)		
Breeding Ewes/Tups		
Hoggs		
Other Livestock		

Land	Area (Hectares)	Notes
Size of Holding	17 17.	
Available Grazing Land	0	
Arable Land	17	
Moorland	0	
Grazing Land on Short Term Tenancy	0	

The above will help us determine the stocking density on the farm.
