Validation Checklist

Planning Permission for Householder Applications (e.g. Extensions, Detached Outbuildings and Other Alterations to Existing Dwellings

To ensure that the Planning Officer dealing with your planning application has a complete picture on which to base their judgments and to ensure proper public consideration, the following information is required at application submission stage. Failure to supply the required information with a planning application submission will delay a decision on the proposal as the statutory determination period will not begin until the required information is submitted and the validation requirements fulfilled.

Please complete the attached checklist to indicate what you have included with your application. All plans should include paper size, key dimensions and scale.

Standard National Validation Requirements

(Three copies are to be supplied unless the application is submitted electronically)

Completed Application Form with Signed and Dated Declaration	YES <u>×</u>	NO∐
Completed Certificate of Ownership A, B, C or D (only one to be completed) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010.	YES⊠	NO
Completed Agricultural Holdings Certificate A or B (only one to be completed) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010.	YES⊠	NO
Location Plan based on an up-to-date map, to a recognised scale i.e. 1:2500 or 1:1250 with a north arrow labelled and with your application development site edged in red and any other land in your ownership edged in blue.	YES⊠	NO
Existing and Proposed Site Layout Plans to a recognised scale i.e. 1:100, 1:200 or 1:500 with a north arrow labelled.	YES 🗵	NO
Existing and Proposed Elevations to a recognised scale i.e. 1:50 or 1:100.	YES⊠	NO
Existing and Proposed Floor Plans to a recognised scale i.e. 1:50 or 1:100.	YES⊠	NO
Existing and Proposed Roof Plans (if the proposal alters the existing roof) to a recognised scale i.e. 1:50 or 1:100.	YES⊠	NO
Existing and Proposed Sections and Finished Floor Levels to a recognised scale which is no less than 1:100.	YES⊠	NO
Design and Access Statement Please see Design and Access Statement Guidance Note for further information.	YES	NO⊠

Application Fee Please see the Authority's Fee Sheet for further information	YES⊠	NO
Standard Local Validation Requirements (Three copies are to be supplied unless the application is submitted electron	nically)	
Bat Scoping Survey to ensure that nature conservation interests are not unduly affected by the development.	YES	NO⊠
Please see Planning Advice Note 2 (Planning and Biodiversity) for further information.		
Flood Risk Assessments/Sequential Test to ensure that the implications of flooding are satisfactorily addressed.	YES	NO⊠
For further advice please contact the Environment Agency on 01904 692296 or see their website www.environment–agency.gov.uk		
Tree Survey/Arboricultural Assessment to ensure tree preservation issues are properly addressed.	YES	NOX
Please see Design Guide Part 3: Trees and Landscape for further information.		
Structural Survey prepared by a suitably qualified structural engineer in order to ensure that the building is structurally sound and capable of conversion without the need for significant rebuilding and/or alterations.	YES	NO⊠
Heritage Statement with appropriate mitigation necessary to ensure conservation issues are properly addressed.	YES	NO⊠
Please see Heritage Statement Guidance Note for further information.		

Further additional information may be requested, for example the access from the publicly maintainable highway to the development site shown on the location plan edged in red, however this will not delay the validation of your planning application but may be required prior to a decision being made.

Please do not hesitate to contact the Development Management Administration Team if you require further assistance.

Guidance Notes

Planning Permission for Householder Applications (e.g. Extensions, Detached Outbuildings and Other Alterations to Existing Dwellings

These notes have been written to help you with the submission of your planning application.

Application Forms

Please submit three copies ensuring that all parts of the form are completed and the declaration is signed and dated unless submitted via the Planning Portal.

Certificate of Ownership

Certificate A - should be completed when the applicant is the sole owner of the land subject to the application or has a lease with at least seven years to run.

Certificate B - should be completed when the land has shared ownership or if another person other than the applicant owns the land. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given.

Certificate C - should be completed when one or some of the owners are known but others cannot be identified. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given and/or published in accordance with this Article.

Certificate D - should be completed when none of the owners are known. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given and/or published in accordance with this Article.

Agricultural Holdings Certificate

You must complete either A or B. If part B has been completed, notice must be served on all tenants of the land in question with the tenant's name, address and the date notice has been served on them included. If there are no tenants this must be stated.

Location Plan

This plan should be an up-to-date map at an identified scale (i.e. 1:1250 and 1:2500) with the north arrow labelled. The plan should identify sufficient roads and/or buildings on land adjoining the application site to ensure that the exact location of the development site is clear. The plan should show the application development site edged in red and any other land in your ownership edged in blue

The following companies provide ordnance survey location plans at a charge, however you may wish to source your own company as there may be others available:

Fox's Copy Centre 21 Market Place Thirsk North Yorkshire YO7 1HD

Phone: 01845 523268

Email: foxscopy@btconnet.com

York Survey Supply Centre Prospect House George Caley Drive York

YO30 4XE

Phone: 01904 692723

Email: sales@yorksurvey.co.uk

Existing and Proposed Site Layout Plans

This is to allow neighbours to view the plans at a larger scale, identifying the position of buildings within the site in relation to their own properties. It can be difficult to assess the potential implications that the proposal might have at a smaller scale. The plan should be to scale i.e. 1:100, 1:200 or 1:500, with a north arrow labelled, showing the site in relation to existing buildings and site boundaries. It should indicate where existing features of the site are located including existing buildings (indicating proposed demolitions), trees (identifying any proposed felling), means of access and type of enclosure (wall, fence, hedges) and shall show adjacent properties/buildings.

Other Drawings Relevant to the Application

Detailed drawings must be submitted to scale i.e. 1:100 or larger showing elevations, cross sections, floor plans and layouts of the proposed works together with existing and proposed ground levels and floor levels. Drawings shall include both existing and proposed details. It is a legal requirement that all measurements must be in metric and not imperial form. Any drawing submitted using solely imperial measurements will not be accepted and will be returned for metric conversion.

Important Information

The plans submitted as part of any application considered by the Planning Committee will be scanned and possibly used in a slide presentation of the scheme. It is essential, therefore, that the plans are sufficiently clear so that the details of the proposal can be easily seen when projected onto the screen.

If the plans are not clear resulting from, for example, discoloured paper or particularly fine line drawings it may be difficult for Members of the Committee to appreciate fully the details of the scheme which could result in a delay in the determination of an application if Members consider it appropriate to seek further clarification of aspects of the development proposed. Please try to ensure that submitted plans are clear and that they meet the requirements set out in this Guidance Note.

Design and Access Statement

Design and Access Statements are documents that explain why you have submitted your proposals in the way you have, how it will be accessible to all, what the thinking is behind your scheme and how you have arrived at the design/layout of the development. They will vary in length and complexity according to the nature of the development. They need not be long and unduly complex and you may want to include diagrams, sketches, photographs etc. to help illustrate your points. Statements should not be produced retrospectively to try to justify a pre-designed scheme; they are intended to be a working document which explains how the development's context has been understood before the design is drafted. Statements will be public documents; therefore they should be clear and easy to understand.

Application Fee

Please see the Authority's Fee Sheet for further information.

Bat Scoping Survey

Applications for conversions of barns to a new use where the roof is substantially in place, demolition of houses/barns/significant buildings (when pre WW1) where planning permission is needed, significant works to bridges/kilns/caves/tunnels or other similar structures and erection of wind turbines within 50 metres of a building, woodland or linear feature, or where there is evidence of bats on or close by the site require the submission of a Bat Scoping Survey to ensure that nature conservation interests are not unduly affected by the development.

Please see Planning Advice Note 2 (Planning and Biodiversity) for further information.

Flood Risk Assessments/Sequential Test

This is required to ensure that the implications of flooding are satisfactorily addressed. Flood Risk Assessments/Sequential Tests should identify and assess the risks of all forms of flooding to and from the development and demonstrate how these flood risks will be managed, taking climate change into account.

For further advice please contact the Environment Agency on 01904 692296 or see their website www.environment-agency.gov.uk

Tree Survey/Arboricultural Assessment

Where there are trees within the application site, or adjacent to it that could influence or be affected by the development (including street trees); information will be required on which trees are to be retained and on the means of protecting these trees during construction works. A suitably qualified and experienced arboriculturalist should prepare this information. The information provided with the application must be in accordance with British Standard 5837 (2012) Recommendation for Tree Work.

Please see the Authority's Design Guide Part 3: Trees and Landscape for further information.

Structural Survey

Applications for the conversion of traditional buildings require the submission of a Structural Survey prepared by a suitably qualified structural engineer in order to ensure that the building is structurally sound and capable of conversion without the need for significant rebuilding and/or alterations.

Heritage Statement

Applications for Listed Building consent and for applications for planning permission where these affect a Listed Building, Conservation Area, Registered Park and Garden or Scheduled Monument (all forms of statutorily designated heritage assets) require the submission of a proportionate Heritage Statement with appropriate mitigation necessary to ensure conservation issues are properly addressed. A Heritage Statement may also be required for applications that affect undesignated heritage assets.
