Dear Miss M O'Mara

Thank you for your quick response.

Attached are the amended plans for the carport with gabled roof, also after careful consideration we have had a rethink on the layout of the carport which we feel compliments the space better, by doing this we have removed the log store in an effort to reveal more greenery from the bushes behind.

Kind regards

Lee and Laura Atkinson

Dear Mr and Mrs Atkinson

Thank you for your email, together with revised plans for the porch and rear extension. In order that the Authority could support the car port, the hip roof should be replaced with a gabled roof structure. I will therefore require amended plans to show this.

I look forward to receiving the above.

Kind regards

Megan

NYM/2021/0100/FL

Dear Miss M O'Mara

Following on from our email sent on Thursday we have attached the revised drawings that have addressed the issues raised.

We have reduced the overall size of the porch and we have simplified the roof by removing the apex roof above the door also reducing the height of the porch.

Regarding the chimney on the oak conservatory we have brought the chimney breast internally as advised and have reduced the stack height also.

With regards to the proposed carport as mentioned in the previous email we feel that the site lends itself to it with the carport being on a low level and in a convenient discrete position. We are happy to change the roof to gables so it is fitting with your policy.

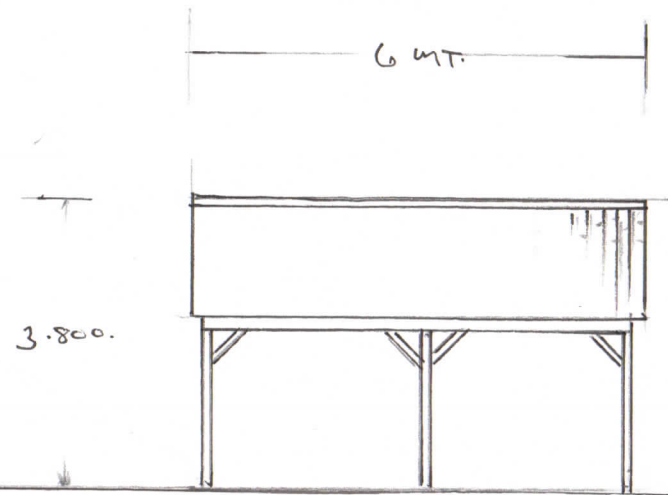

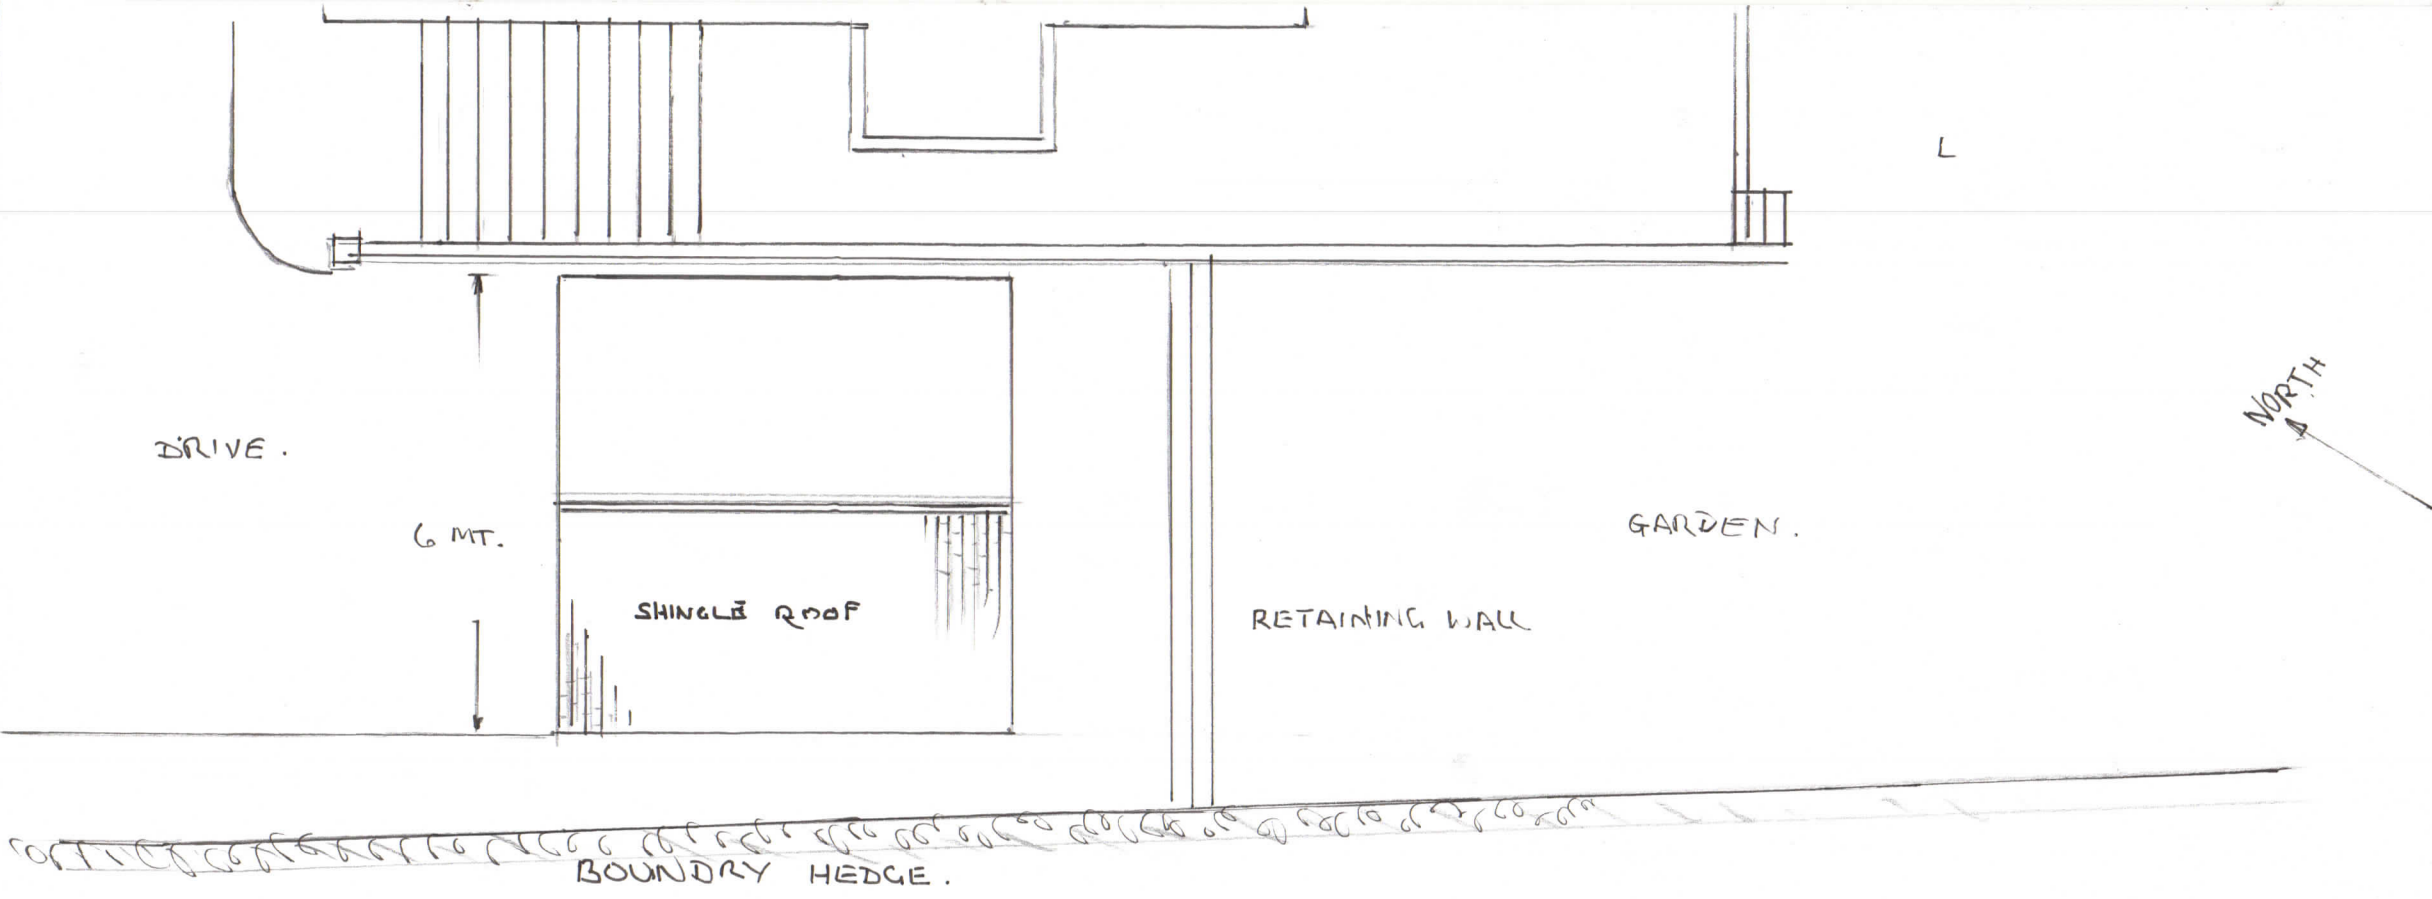

We look forward to hearing from you.

Kind regards

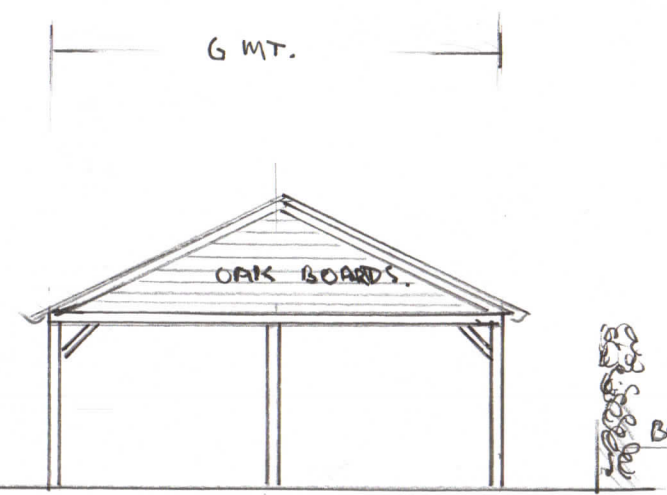

Lee and Laura Atkinson
