Hi Justine,

Thank you for your email, I can confirm that regarding condition number 5 the external light fittings to be used will be of the type in the picture below using lamps with no more than 500 lumens.

Regarding condition number 8 I can confirm that all new window and door frames will be painted white using Rubbol Satura paint and external doors will be stained using Sadolin stain on hardwood woodwork. This will match what is used throughout the entire external woodwork on the farmhouse. I have shown this in the two photographs. I hope this information is what you were looking for and hopefully we can complete this application as soon as possible. Please do not hesitate to contact me if you require any more information.

Kind regards

Mike Hogarth
