Dear Mrs Barstow, I have looked into the lighting issue you are concerned about and I would like to use the dark skies compliant light fittings shown in the picture below. There would only be one fitting placed at each of the two entrances to the property.

I have checked the specifications on this fitting and it confirms that it is dark skies compliant.

With regards to the colour of the external door and window woodwork I am willing to work with you on a suitable colour so that everything matches, would this more muted colour be

acceptable?

FARROW & BALL

I hope these proposals are acceptable but please do not hesitate to get back to me if you require any more information.

Kind regards

Mike Hogarth
