Date: 19 May 2021 16:24:27

Dear Sir/Madam,

We have no objections to the proposed dorma windows and new brick built garage at No2 Elm Grove

I believe there were two issues raised at the pre planning stage, that the other dorma windows on the street were not original and that the size proposed was not in proportion to the rest of the building.

A google images search results in a photo from the early 1900s which clearly shows dorma windows present on Elm Grove properties from No3 onwards. Also the size proposed is the same and in keeping with the rest of the street as the measurements were directly taken from No3.
