Subject: Comments on NYM/2021/0485/FL - Case Officer Mr M Hill - Received from Ian Robinson at High Dalby House, High Dalby House, Dalby Forest Drive, Pickering, YO187LP
Date: 19 July 2021 18:24:34

I would wish the committee to include conditions that sound attenuation be applied to prevent noise intrusion into this quiet location from the diesel generator.

Provision should be made to avoid any light pollution into this darkest part of the north York moors dark sky reserve

Mitigating provision should be provided during construction to avoid disruption to existing inhabitants, bio diversity, wild life etc.

Design of the access track should be developed to prevent water run off into existing property and to avoid pollution to water courses and ground water source serving local premises.

I note there is no provision to include my title of Revd
