We were advised that :

"The proposal to site 7 no. luxury holiday pods and 1 no. shepherds hut in lieu of the seasonal touring pitches to the rear of the site reception and shop along with the proposed siting of a luxury holiday pod on land opposite the motorhome pitches, I can confirm that planning permission will be required for this development and that I can offer my informal support.

The proposal would accord with the aims and objectives of Policy UE2 (Camping, Glamping, Caravans and Cabins) of the recently adopted Local Plan. Whilst the holiday park is not well-screened as a whole, the proposed luxury holiday pods and shepherds hut will be located within the existing holiday park and would not result in an extension into the surrounding countryside.

As such it is considered unlikely that the proposal would have any greater visual impact on the surrounding landscape than at present. In fact I would suggest that subject to a high quality design there may be some environmental benefit with your proposal".

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
