Subject: Render and paint colour for Field House NYM/2020/0318/FL - CVC
Date: 04 August 2021 09:25:04
Attachments:

Good morning,

As per Condition 3 of our planning consent for the extension at Field House, Whitby Road, Robin Hood's Bay, please find attached a series of photographs showing the proposed render and paint colour to be used on the new development.

The sample was put on the west side of the existing house, closest to where the development will be constructed. In order to match the external features of the house, the render will have a slightly rough, sand texture, will be painted white, and will have the "block lines" put in to match the existing render on the rest of the property.

Please take this as our written application for approval, as set out in Condition 3 of our planning agreement. We look forward to receiving your decision.

If you would like any further information, please do not hesitate to contact me.

Kind regards,

Becci Hodgson 

The unpainted render sample on the west side of the existing property.

A close up of the unpainted render to show the "block" detailing.

A close up of the proposed colour - white - to match the existing property.

A close up of the proposed texture.

A photo of the existing west wall for reference.

The sample in relation to the existing house.
