Dear Mr France

It has come to our attention that the following comment was sent to you on the 9th May 2021 by Harwood Dale and Hackness Parish Council and you included the comment on your Director of Planning's Recommendation under Consultations:

"Council observed that the foundation trenches seem to have already been dug."

We would like to have it noted that no work has been made on the site and the foundation trenches have NOT been dug. Please can this comment be removed.

Yours sincerely

John Simpson
