Officer name:

Title	Mrs
First name	H
Surname	Saunders
Reference	Enq. 17386

Date (Must be pre-application submission)

Details of the pre-application advice received

Holiday accommodation or permanent residential use, where there is an existing residential unit within the group of buildings. In the case of permanent residential accommodation a local connection condition will be applied.

This requirement is not only to ensure there is someone on site to manage the use but also to prevent sporadic development in isolated locations. As there is not an existing residential unit on site the proposal would be contrary to Nym Policy CO12. Furthermore, as clearly set out in Strategic Policy M of the Local Plan, the only location that Principal Residence dwellings might be permitted are within the built up areas of the larger villages, not the open countryside.

Again, as previously advised, as there is no existing dwelling on the site and due to the isolated nature of the location, I would advise you that the proposed conversion of the outbuildings would be contrary to Policy CO12 and unlikely to receive favourable consideration.

## 24. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(b) an elected member

It is an important principle of decision-making that the process is open and transparent.  Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
