Validation Checklist

Standard National Validation Requirements

To ensure that the Planning Officer dealing with your planning application has a complete picture on which to base their judgments and to ensure proper public consideration, the following information is required at application submission stage. Failure to supply the required information with a planning application submission will delay a decision on the proposal as the statutory determination period will not begin until the required information is submitted and the validation requirements fulfilled.

Please complete the attached checklist to indicate what you have included with your application. All plans should include paper size, key dimensions and scale.

Three conice are to be examined unless the condication in subscitted electronically (

(Three copies are to be supplied unless the application is submitted electron	ically)	
Completed Application Form with Signed and Dated Declaration	YES□	NO
Completed Certificate of Ownership A, B, C or D (only one to be completed) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010.	YES	NO
Completed Agricultural Holdings Certificate A or B (only one to be completed) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010.	YES□	NO
Application Fee Please see the Authority's Fee Sheet for further information.	YES□	NO
Other Drawings Relevant to the Application	YES□	NO
Standard Local Validation Requirements (Three copies are to be supplied unless the application is submitted electron	ically)	
Bat Scoping Survey to ensure that nature conservation interests are not unduly affected by the development.	YES□	NO
Please see Planning Advice Note 2 (Planning and Biodiversity) for further information.		
Flood Risk Assessments/Sequential Test to ensure that the implications of flooding are satisfactorily addressed.	YES□	NO
For further advice please contact the Environment Agency on 01904		

692296 or see their website www.environment-agency.gov.uk

Tree Survey/Arboricultural Assessment to ensure tree preservation issues are properly addressed.	YES	NO		
Please see Design Guide Part 3: Trees and Landscape for further information.				
Structural Survey prepared by a suitably qualified structural engineer in order to ensure that the building is structurally sound and capable of conversion without the need for significant rebuilding and/or alterations.	YES	NO		
Statement of Agricultural Need in order to assess whether the need to live on the site is essential.	YES	NO		
Local Occupancy Proforma (in relation to schemes for new build dwellings/conversions to dwellings for sale under Core Policy J) which sets out the local need for the dwelling.	YES	NO		
Please see the Housing Supplementary Planning Document for further advice and the relevant proformas.				
Heritage Statement with appropriate mitigation necessary to ensure conservation issues are properly addressed.	YES	NO		
Please see Heritage Statement Guidance Note for further information.				
Further additional information may be requested; however this will not delay the validation of				

your planning application but may be required prior to a decision being made.

Please do not hesitate to contact the Development Management Administration Team if you require further assistance.

Validation Checklist

Removal or Variation of a Condition Following Grant of Planning Permission (Section 73 of the Town And Country Planning Act 1990)

These notes have been written to help you with the submission of your planning application.

Application Forms

Please submit three copies ensuring that all parts of the form are completed and the declaration is signed and dated unless submitted via the Planning Portal.

Certificate of Ownership

Certificate A - should be completed when the applicant is the sole owner of the land subject to the application or has a lease with at least seven years to run.

Certificate B - should be completed when the land has shared ownership or if another person other than the applicant owns the land. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given.

Certificate C - should be completed when one or some of the owners are known but others cannot be identified. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given and/or published in accordance with this Article.

Certificate D - should be completed when none of the owners are known. Notice(s) as required by Article 12 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 must be given and/or published in accordance with this Article.

Agricultural Holdings Certificate

You must complete either A or B. If part B has been completed, notice must be served on all tenants of the land in question with the tenant's name, address and the date notice has been served on them included. If there are no tenants this must be stated.

Application Fee

Please see the Authority's Fee Sheet for further information.

Other Drawings Relevant to the Application

If you are proposing a material minor amendment to the design of the approved scheme, detailed drawings must be submitted firstly showing the approved design and secondly the amendments you wish to make. These plans should be to scale i.e. 1:50 or 1:100 showing elevations, cross sections, floor plans and layouts of the proposed works together with existing and proposed ground levels and floor levels. Drawings shall include both existing and proposed details. It is a legal requirement that all measurements must be in metric and not imperial form. Any drawing submitted using solely imperial measurements will not be accepted and will be returned for metric conversion.

Important Information

The plans submitted as part of any application considered by the Planning Committee will be scanned and possibly used in a PowerPoint presentation of the scheme. It is essential, therefore, that the plans are sufficiently clear so that the details of the proposal can be easily seen when projected onto the screen.

If the plans are not clear resulting from, for example, discoloured paper or particularly fine line drawings it may be difficult for Members of the Committee to appreciate fully the details of the scheme which could result in a delay in the determination of an application if Members consider it appropriate to seek further clarification of aspects of the development proposed. Please try to ensure that submitted plans are clear and that they meet the requirements set out in this Guidance Note.

Bat Scoping Survey

Applications for conversions of barns to a new use where the roof is substantially in place, demolition of houses/barns/significant buildings (when pre WW1) where planning permission is needed, significant works to bridges/kilns/caves/tunnels or other similar structures and erection of wind turbines within 50 metres of a building, woodland or linear feature, or where there is evidence of bats on or close by the site require the submission of a Bat Scoping Survey to ensure that nature conservation interests are not unduly affected by the development.

Please see Planning Advice Note 2 (Planning and Biodiversity) for further information.

Flood Risk Assessments/Sequential Test

This is required to ensure that the implications of flooding are satisfactorily addressed. Flood Risk Assessments/Sequential Tests should identify and assess the risks of all forms of flooding to and from the development and demonstrate how these flood risks will be managed, taking climate change into account.

For further advice please contact the Environment Agency on 01904 692296 or see their website www.environment-agency.gov.uk

Tree Survey/Arboricultural Assessment

Where there are trees within the application site, or adjacent to it that could influence or be affected by the development (including street trees); information will be required on which trees are to be retained and on the means of protecting these trees during construction works. A suitably qualified and experienced arboriculturalist should prepare this information. The information provided with the application must be in accordance with British Standard 5837 (2012) Recommendation for Tree Work.

Please see the Authority's Design Guide Part 3: Trees and Landscape for further information.

Structural Survey

Applications for the conversion of traditional buildings require the submission of a Structural Survey prepared by a suitably qualified structural engineer in order to ensure that the building is structurally sound and capable of conversion without the need for significant rebuilding and/or alterations.

Statement of Agricultural Need

Applications for construction of a dwelling or conversion to a dwelling to be occupied by person(s) in farming, forestry or other land management activities in open countryside require the submission of a Statement of Need to demonstrate that there is a genuine need for the accommodation proposed which is essential to the efficient functioning of the unit (i.e. that there is a need for one or more full-time workers, primarily employed in agriculture, to be readily available at most times) and that such a functional need could not be fulfilled by the adaption or extension of another dwelling on the unit, through the conversion of a traditional building on the unit or any other accommodation in the area which is suitable and available. As well as demonstrating a functional need, the report must demonstrate that the enterprise, to which the functional need relates, is profitable, has been established for at least three years and is likely to remain so.

Local Occupancy Proforma

Applications for schemes which involve the provision of 'local occupancy' dwellings/accommodation (except local occupancy letting) under Core Policy J require the submission of evidence of the need for the dwelling. This should involve details of the intended occupier, how they meet the local occupancy condition and why their needs cannot be met by the existing housing stock.

Heritage Statement

Applications for Listed Building consent and for applications for planning permission where these affect a Listed Building, Conservation Area, Registered Park and Garden or Scheduled Monument (all forms of statutorily designated heritage assets) require the submission of a proportionate Heritage Statement with appropriate mitigation necessary to ensure conservation issues are properly addressed. A Heritage Statement may also be required for applications that affect undesignated heritage assets.
