Dear Kelsey,

Many thanks for your e-mail as attached.

I confirm that should any historic glass be found then this will be retained and re-used in the replacement sashes. Should any historic glass be damaged then it will be replaced with accurate copies.

I trust that this will be helpful and allow you to progress with the issue of the Certificate of Lawfulness. Thank you for your assistance.

Best wishes for Christmas and 2022.

Kind regards,
Tim
