**Subject:** FW: Your ref NYM/2021 / 0862/ CLLB -- Application for like for like replacement windows and timber door with fanlight at Woodleigh house, 21 Main Road, Aislaby, Whitby for Ilona Franklin

**Importance:** High

Good morning Kelsey,

Following our recent telephone conversation regarding the front door at Woodleigh house, Aislaby, Whitby I am writing to confirm that the existing door consists of a single large glazed panel above two timber raised and fielded panels below.

I have located and attached a photograph of the existing house and door to show this is the case for your attention and file.

I apologise for the over-sight on my part by not noticing that the existing elevation has been drawn with a timber six panel Georgian style door in error .

Thank you for pointing this out and I trust the attached photograph will help to resolve the matter.

Best wishes for Christmas and 2022.

Kind regards,

Tim
