Dear Megan –

Further to your email of yesterday and following our discussion we are please to revise the location of the 2 no. pods further to the south within the orchard. The location and installation avoids permanent fixtures to the ground avoiding any tree roots and ensures that all trees can be retained on the site and unaffected by the proposed development.

We hope that this means the application can now be progressed and approved without necessarily needing to go to Planning Committee.

Kind regards

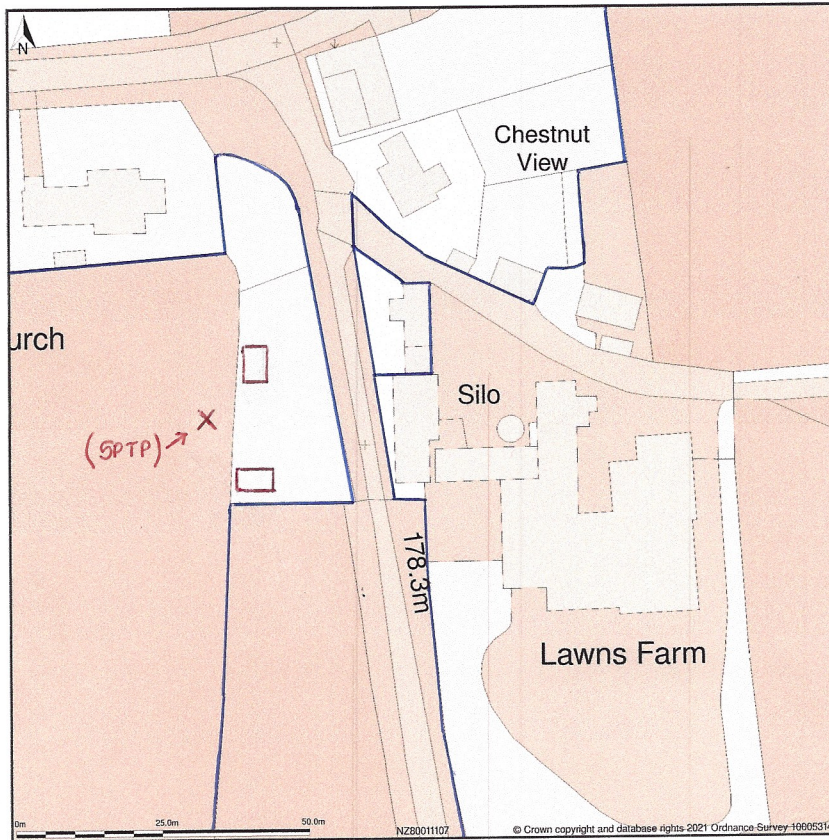

*Cheryl*
