Subject: RE: NYM/2020/0571/CVC - Longstones Farm, Sneatonthorpe

Hello Helen

Mark says

Don't understand this – the CVC says no landscaping is needed but then there is a planting plan?

Tree species look OK in the plan but I don't have sufficient detail to say if the planting is viable or will achieve the aims required. I'm happy to let Helen decide that but also happy to discuss.

Elspeth says

From my perspective the tree and hedge planting mixes look appropriate to the area.

Hi Helen

Sorry for the delay in responding to this. From my perspective the tree and hedge planting mixes look appropriate to the area.

Thanks

Elspeth
