Comments on NYM/2021/1027 - Case Officer Mrs Helen Stephenson - Received from Mr Peter Maynard at N/A, Raven Hill House, Bent Rigg Lane, Ravenscar, YO13 0EU

Date:

25 January 2022 14:09:49

The applicant states in his application form that no trees will need to be removed. The Authority should be aware that before the applicant submitted his planning application he had approximately 30 mature Scots Pine trees felled by contractors called Advanced Trees to make room for his proposed garage. This has significantly diminished our shelter, privacy and amenity living immediately next door. The said contractors informed me that they believed that the applicant had obtained a licence for the felling of the trees, although they admitted that they had not been shown the licence.

The Authority should also be aware that the applicant already has a garage which is attached to his property on the side facing the road.
