The proposals for Laurel Cottage on a whole will undoubtedly be to the benefit of the property. The applicant has agreed to omit the removal of the internal porch. Is this something that can be regularised through condition or do revised plans need to be submitted?
Can planning please apply conditions to secure the following, floor make up, mortars and plaster, tiles, treatment to timber, rooflights and stud walls to scribe round any extant features. Much information is contained within the supplementary information as such it the conditions do not need to be pre-commencement, just to secure the details buried in the information.
