Hi Hilary,
Thank you for the conservation team comments which were really constructive.
We have had a look at the link and attach drawing D12113-03I.
The plan shape and size work well.
Having looked at the options for the roof as you probably realise it is a bit more tricky.
We have used a dark coloured finish to a flat roof . The main reason was to avoid conflict or effect upon the roof lines (verge and eaves) of the existing buildings. We can slide the new roof below both.

I hope this is acceptable.
Kind regards
Neil

Good morning Neil,

Thanks for the revised plans, which have overcome the majority of the Building Conservation Teams concerns. However, they have suggested one fairly minor amendment.

Please see attached.

I'd be grateful for your thoughts.

Thanks

Hilary
