Dear Lucy

Thank for for your letter.

I have instructed the carpenter to transfer the existing ironmongery, and if not possible, any replacement should match the originals (I think he was doing this anyway).

Both doors will be dark green in colour as per the existing doors (my wife was happy with dark green anyway).

No draft proofing is planned.

I have asked the carpenter for the constructional and cross-sectional drawings and said I need them in time for me to send on to you before 6 May.

I hope that is everything.

Kind regards

Damian Buchanan
