Dear Jill

Please take this email as confirmation that I agree to the proposed amendments below:

Condition 3 reads: The accommodation hereby approved shall not be occupied other than by employees of and contractors working for Sirius Minerals Plc and shall not be used for residential purposes other than temporary workers accommodation.

Any use of the accommodation by members of the public will require a further grant of planning permission from the Local Planning Authority.

I suggest that 'Sirius Minerals Plc' is changed to read Anglo American

Yours Sincerely
Andrew Fiddler
