20/07/2021 Details of the pre-application advice received

JULY 2021: General enquiries concerning the likelihood of a planning application being successful were made to the NYM Planning Team. The response was that "the adjoining outbuildings are considered to make a positive contribution to the character of the surrounding area and are reflective of the local vernacular; as such, the principle of conversion is likely to be acceptable.". Other advice concerning the design and practicalities was given: - The proposed conversion must be sympathetic to the host the building and the surrounding conservation area - The original openings (windows and doors) should be utilised where possible - Parking is something to be considered as part of the application - Due to the volume of space, it was suggested that we consider a section of the outbuilding for storage/garage MARCH/APRIL 2022: The design considerations we received in July 2021 were taken onboard in our plans, and we sent on first sketches of the proposed plans for further comment from Megan. It was suggested that we reconsider the amount of skylights and reduce the size of a couple of split windows (all on the north side elevation that is not overlooked). The plans were amended according to include this advice.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
