With reference to your letter of 15th June 2022 (attached). As you will be aware from my auto-responder I was on annual leave, returning to work on 4th July. To the best of my knowledge Council does not hold any evidence contrary to that submitted by the applicant. However formal confirmation of that fact (and any decision as to whether to Council's objection is withdrawn) is outwith my delegated authority. The matter will therefore be considered by Council at its next meeting on 13th July 2022.
