Please find below an email from Andrew Martin for submission to the Inspector. We had originally intended to call him, as the hearing was going to be virtual. As it is now being heard in person it was not reasonable to ask him to travel from Nottingham, and in any event, he is on holiday in rural Wales currently, hence the delay in obtaining his input.

### To Whom It May Concern

My name is Andrew Martin and my address is Flat 21 B Loscoe Road, Nottingham NG5 2AW.

I have known Lou Smith and her children for many years, and occasionally visit them when I am in the area.

I visited them before Christmas 2010 for about a week, and stayed in their house in Scalby. I went there to help them move, although most of the items had been moved by the time I arrived. I remember that Lou took me to the big field that they had just bought, to show it to me. There were several horses there, standing together, including a bossy one that was separate from the others and I took a photo of him eating hay. This photo is attached. The EXIF data on the photo shows that I took it at 10.45 a.m. on 19/12/2010.

Yours sincerely

Andrew Martin
