I have included the plan on the dop report which shows the locations of the shepherds huts as previously plotted. There is no email re this as we met the Parry's out on site and Mark and I agreed that I have the plans amended back to the original two Shepherd huts. Sorry for this messing around.

I responded to the email by phone call.

Andrew

Hi Andrew

Is there an email/map to go with this that needs uploading? The only email we have awaiting a response is the attached.

Thanks

Verity

Hi APC ready for amending the red line back to two shepherds huts and the description change back to "huts"

Will draft report now.

Andrew

With regards

Andrew
