Good afternoon Jill,

Firstly, yes I agree to an extension of time until the 31st August.

Secondly, I am happy to introduce a geotextile breathable membrane to the floor instead of the 1200g polythene, and also a breathable internal roof finish instead of plasterboard and skim.

Trusting this is OK for you.

Regards

Dear Richard

Many thanks for the amended plans which I have forwarded to our Building Conservation Officer for his final comments. In the meantime I have drafted a recommendation of approval for both applications and wondered if you would be happy to agree to an extension of time for the decision please until 31 August to allow our Planning Administration team time to prepare the paperwork?

Kind regards,

Jill Bastow
