Hi Andrew,

Please see attached the revised scheme for your consideration. Please could you let me have any thoughts.

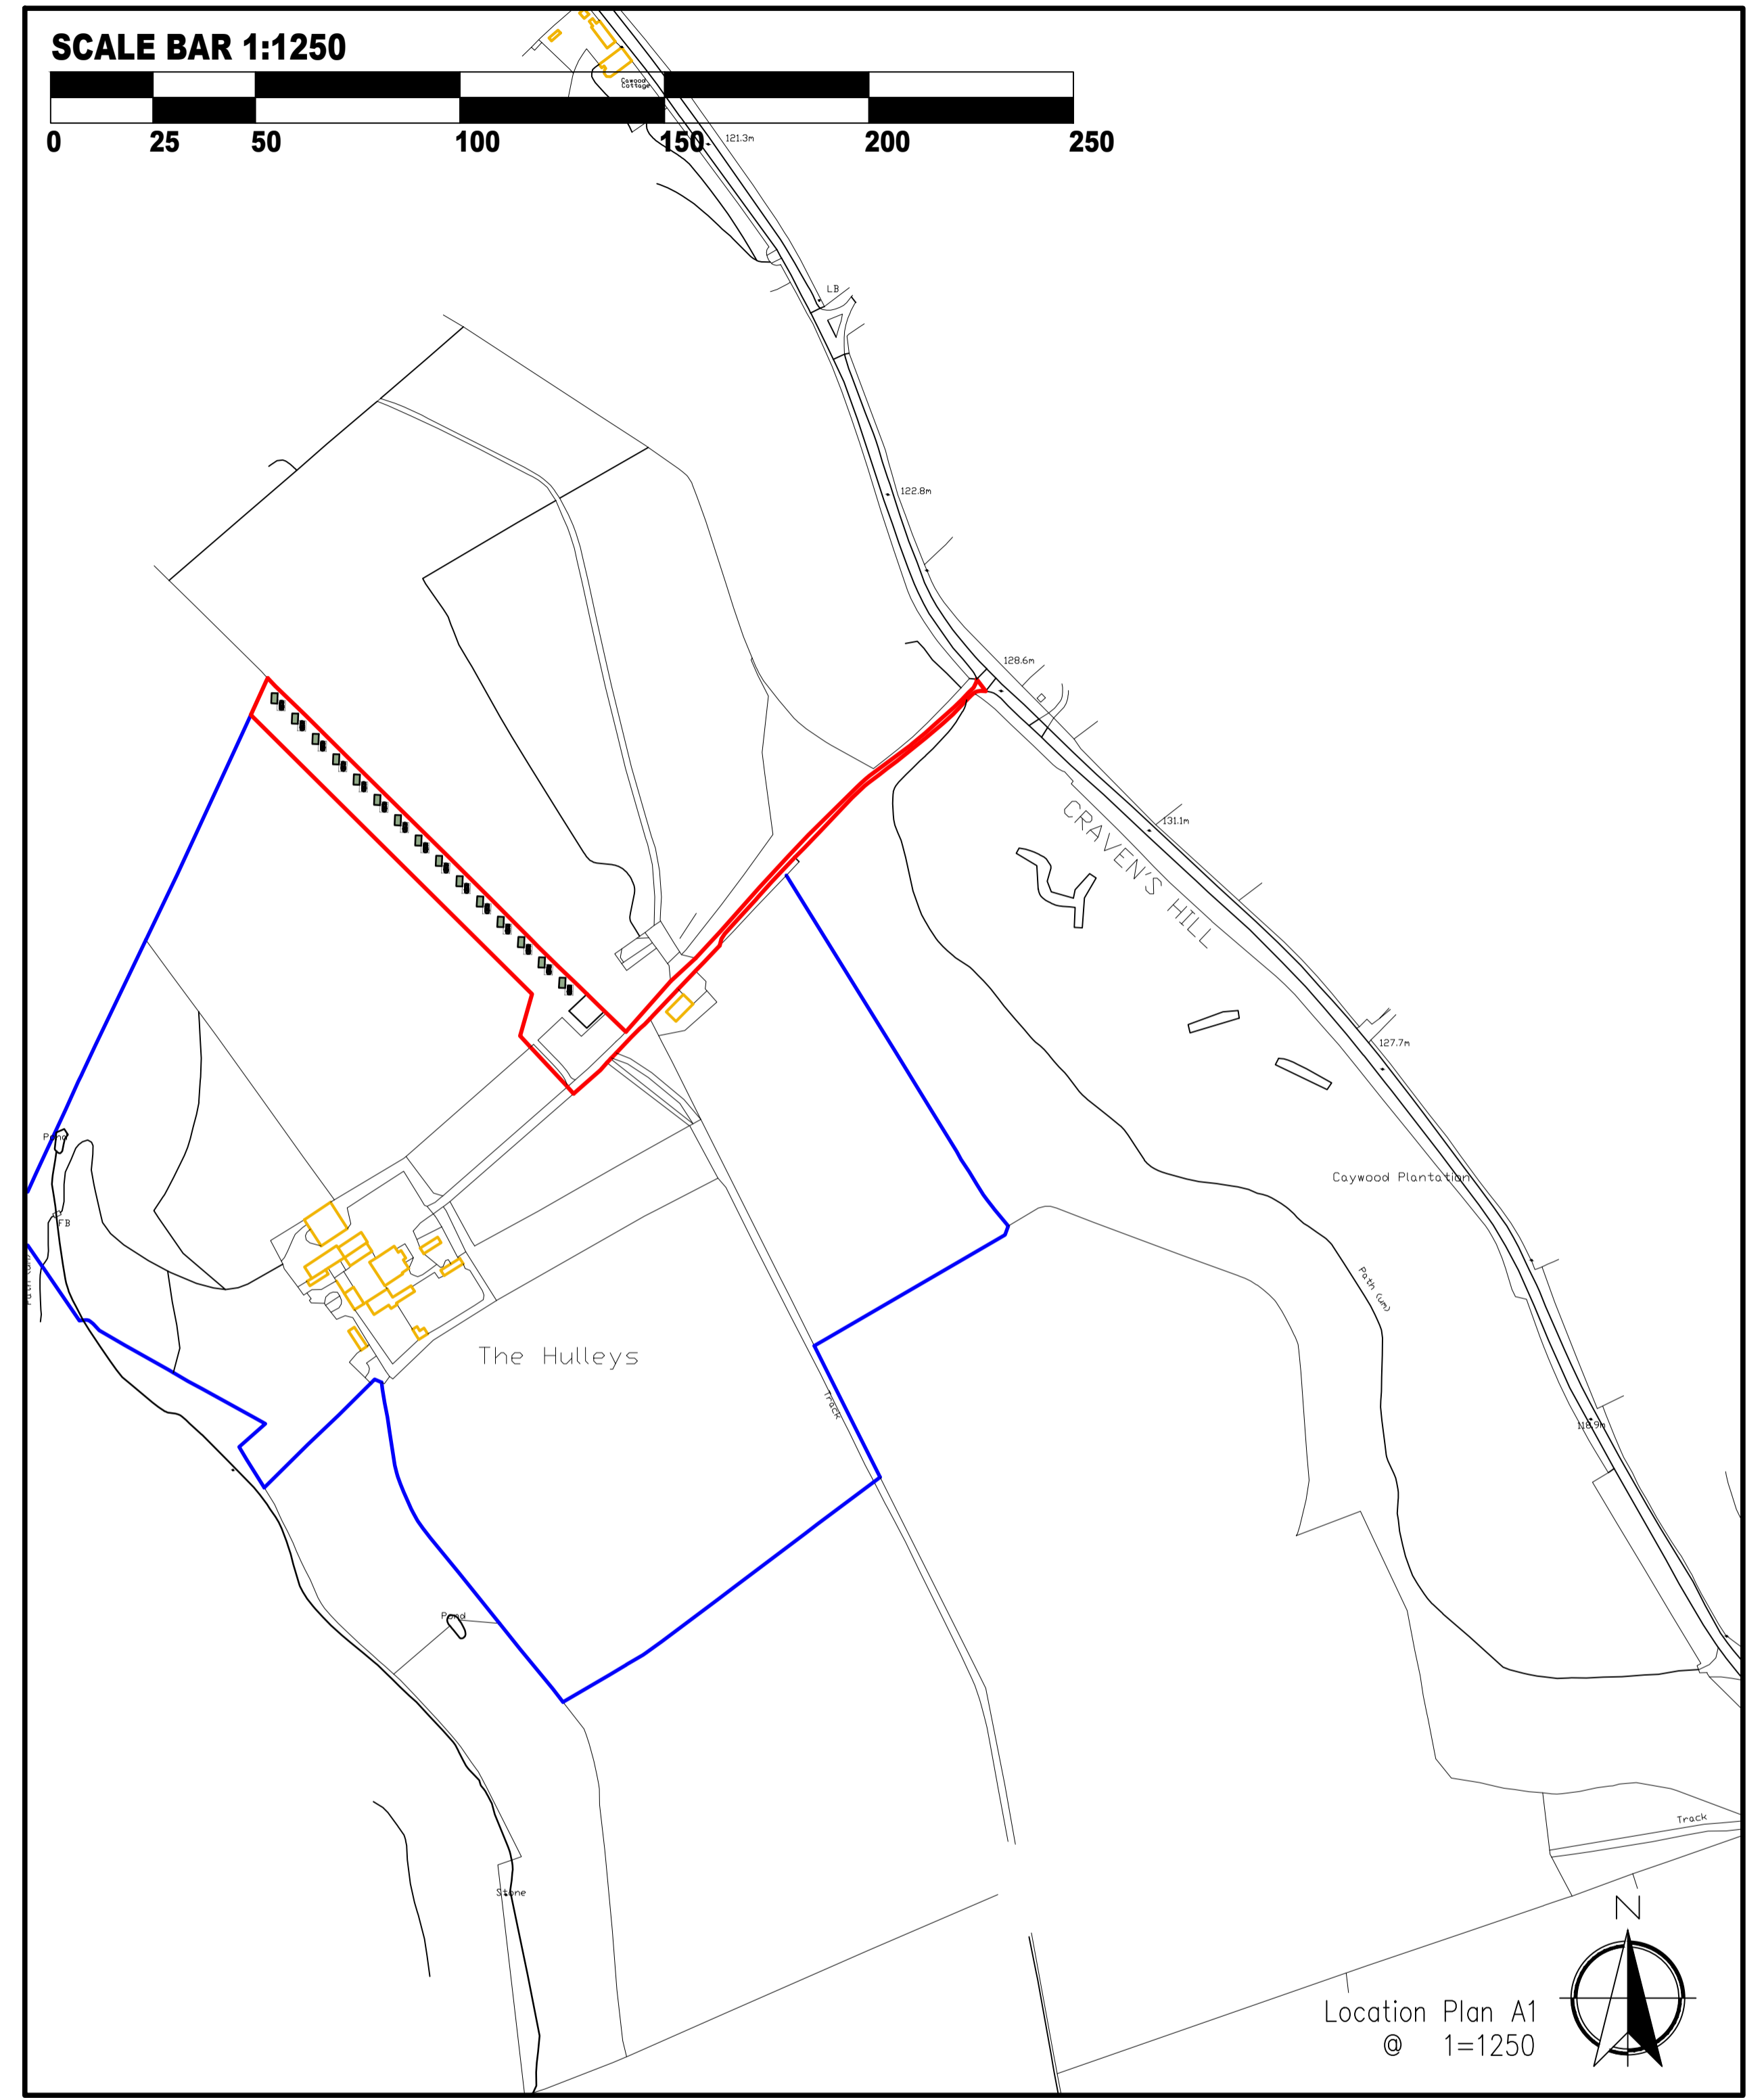

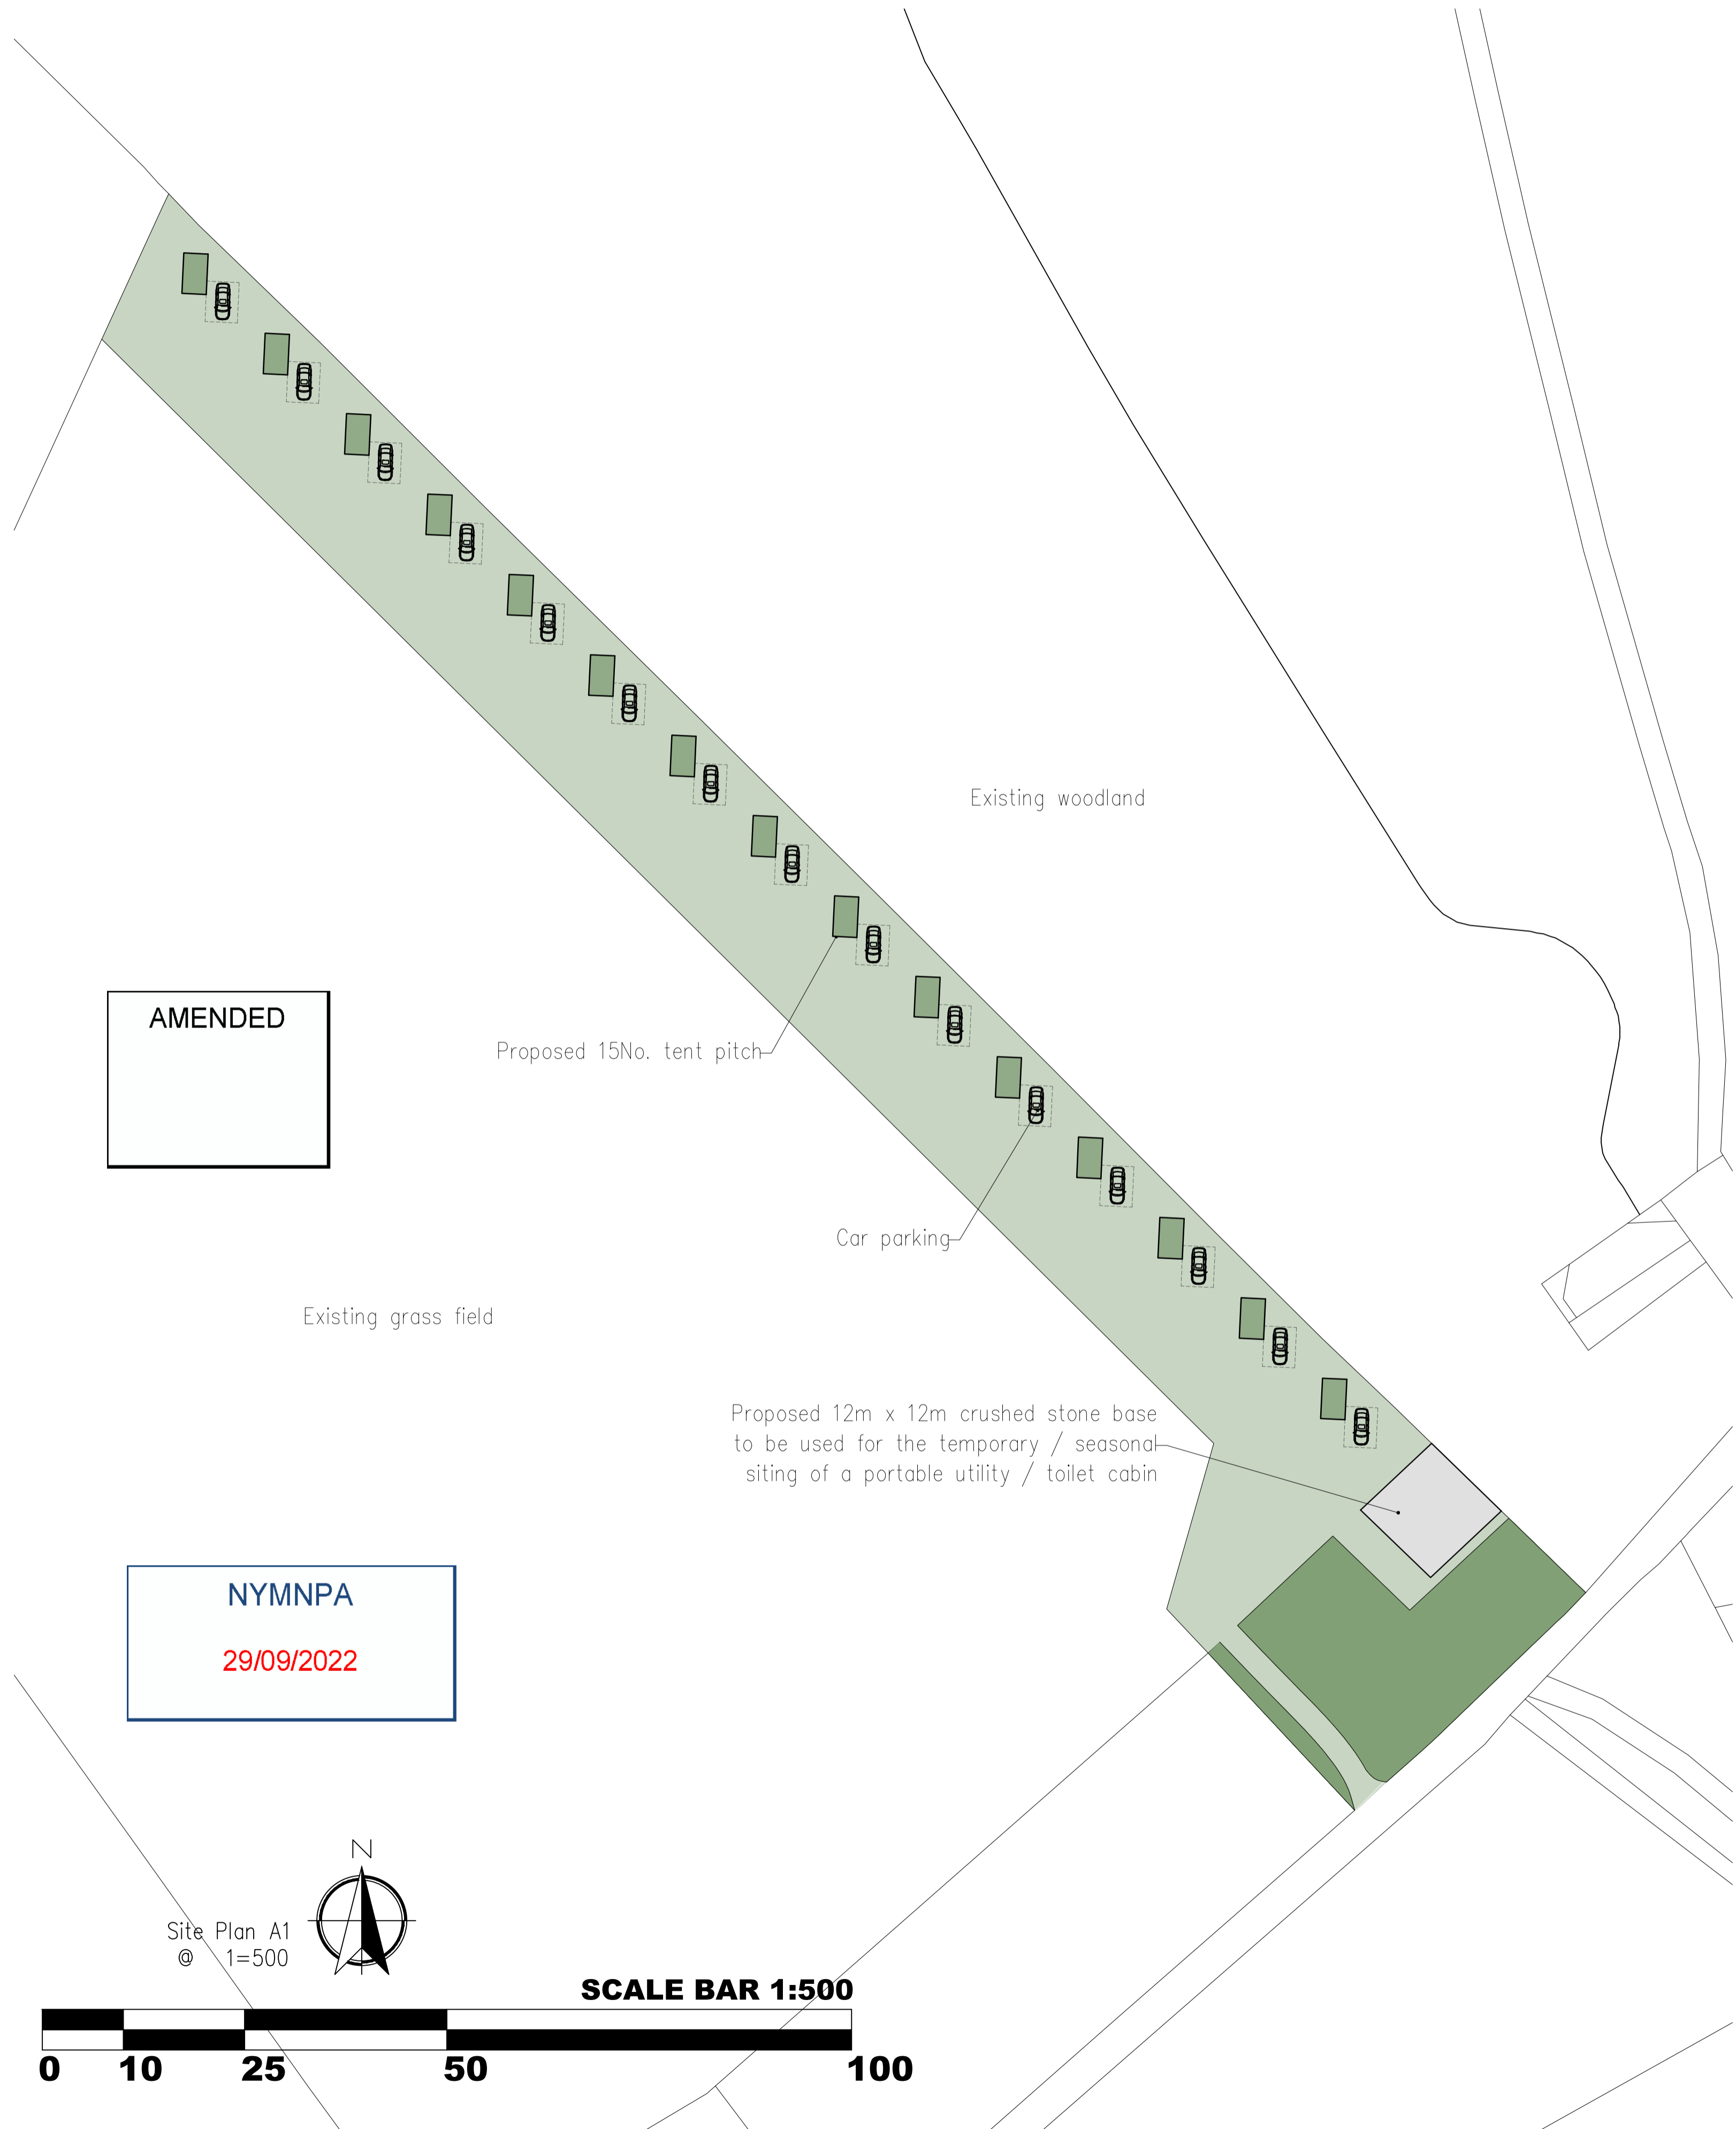

I have included a basic crushed stone base (12m x 12m) which would be used for the siting of a mobile toilet block / portaloos, which would be considered PD given its temporary nature and use which is ancillary to the adjoining land. This would be removed, as you suggest, at the end of each season.

Kind regards,
