Re: High Mitten Cottage, Hawsker

Ref: NYM/2022/0622

We write in support of the above application.

10th October 2022

Mr Ian Davies

Position: Deputy Chief Officer/Offshore Operations Manager

Organisation: North Eastern Inshore Fisheries & Conservation Authority

To Whom it may concern,

It is extremely important that Mr Ian Davies's application is given favourable consideration and he is afforded the flexibility to modify and adapt his residence within the scope of the application that he is putting forward which I would consider to be very modest and in keeping with the other buildings and structures on the site.

Mr Davies plays a key role in supporting the local fishing industry and In order to fulfil his obligations to NEIFCA, as Deputy Chief Officer, he has to undertake a significant proportion of his work from home, a factor that has increased significantly since the start of the Covid 19 global pandemic in 2020. In the longer term home working will become a more permanent feature of his daily work pattern at NEIFCA and he is facing increasing challenges to work both effectively and efficiently from his home without further adaption or the need to move from what has been his long term residence.

Mr David McCandless

Chief Officer

Re: High Mitten Cottage, Back Lane!, Hawsker. NYM/2022/0622

I am writing to support this application. At the present time the building is a two up two down cottage. This application is for single storey modest extensions that will enhance the cottage and give more convenient and necessary living space for the applicant. The applicant wishes to ensure that the design fits in with the vernacular of other local buildings, the cottage is not visible from any roads etc being up a track from a back road in Hawsker.

I hope this application will be considered sympathetically and approved to enable the applicant to move forward.

Cllr.Jane. Mortimer
