If Yes, please provide details
We have spoken to the previous owners who still live in the village. They were concerned that they had already replaced the porch during their ownership (2010 - 2018) and were surprised that their new wooden structure had completely rotted. The south facing frontage does bear considerable daily changes in temperature and weather conditions which contributes to deterioration of wooden structures (even when maintained regularly).

**Neighbour and Community Consultation** 

As the removal of the porch was required urgently due to being unsafe and during unprecedented times of lockdown we have had several conversations how to proceed. Our research into materials and using local craftspeople has been noted and we decided to go ahead with the full application in order to get the work completed before the winter.
