DEAR SIRS

I LOST MY FIRST HOME TO SELVIS COALFIELD,
A SHAFT SITE WAS GOING 100 YDS IN FRONT OF THE
HOUSE, I HAD BEEN THERE THREE YEARS, I BOUGHT THE
HOUSE OFF A FARMER A MILE INLAND FROM THE MAIN
ROAD, IT WAS NICE AND QUIET,

AS MY FAMILY ARE FROM WHITBY I CAME TO
LIVE HERE IN THE 80S IT WAS QUIET EVEN ON THE
MAIN ROAD.

THEN IN 2011 WE HAD ANOTHER MINE TO
CONTEND WITH (POTASH MINE) I THOUGHT MORE
DISTRIBUTION AND THERE IS PLENTY OF IT, LORRIES
DAY AND NIGHT AND ^{NIGHT} BELIEVEN YEARS LATER THEY ARE
STILL GOING PAST, THEY DONT CARE ABOUT SPEED,
NOISE, THE POLLUTION MUST BE MASSIVE

ON THE WAY TO EGTON PAST THE LADYCROS
SITE THERE IS A LINE OF BIRCH TREES ON THE
BOUNDARY ROAD SIDE, THEY HAVE BEEN RIPPED TO
SHREDS BY A MACHINE 3 TO 4 YDS OFF THE ROAD
AND HAS MADE THE ROAD LOOKING SO WIDE.
TO ALLOW MORE EXPANTION WITH CHALIFTS
WILL MEAN MORE DISTRIBUTION AND THERE IS ENOUGH
ALREADY, I THINK IT SHOULD STOP, WE HAVE HA
ALL THE NOISE & POLLUTION WE CAN TAKE.

THE NATIONAL PARKS SHOULD PROTECT AREAS LIKE WE HAVE HERE, AND NOT ALLOW BIG COMPANYS TO DISTROY OUR COUNTRYSIDE, BECAUSE ONCE THEY START THEY WILL WANT MORE AND MORE, LIKE THEY HAVE SOME AT SELBY COALFIELD ONE FARM IS BARON NOW AND WONT GROW ANYTHING AND ALL WILDLIFE GONE.

IN MY OWN GARDEN THIS YEAR OUR WILDLIFE HAS ALL BUT GONE COMPARED TO PRE POTASH STARTING. THE MINE IS LIT UP LIKE BLACKPOOL, WILDLIFE LIKE A QUIET PLACE LIKE THIS USE TO BE, I HAVE TO WEAR EARPLUGS IN THE GARDEN BECAUSE OF THE NOLSE. I THINK YOU NEED TO STOP LADYCROSS EXPANTION.
