NYM/2022/0523

Variation of condition 2 (material amendment) of planning approval NYM/2021/0508/FL to allow the installation of air source heat pump to side of garage

Consultee response

Reviewing this amendment, to be as discreet as possible, would the applicant be able to provide information on the color of the unit. The optimum (if possible) would be to have the unit match the stonework. The timber fencing and planting is welcomed however, but the applicant must ensure enough space is left around the unit for future maintenance. Also, for the avoidance of doubt, could the applicant also provide further information on the timber fencing, for example, height, colour and design.
