Notes:

1. If in doubt ask.
2. Drawings should not be scaled either by hand or from the computer digital data, only figured dimensions are to be used.
3. All dimensions must be checked on site, prior to the works commencing.
4. All dimensions shown on this drawing are in metres unless stated otherwise.
5. Levels are shown in metres and are related to Ordnance Datum.
6. This drawing is to be read in conjunction with all other relevant drawings, reports and specifications.
7. All services within the area of the works are to be located and clearly marked by the contractor prior to works commencing.
8. The Contractor is responsible for the temporary stability of any excavations or structures. Where necessary they shall ensure suitable designs and temporary works are in place to allow safe construction of the works.
9. Refer to project specific 'Designers Risk Register' for all risks identified during the pre-construction phase.

Health, Safety and Environmental Information

In addition to the hazards/risks normally associated with the types of work detailed on this drawing, special attention should be given to:

1. Steep Slopes
