ROOF TILES REPLACED WITH SLATE

ROADSIDE ELEVATION

END ELEVATION

PROPOSED

ALL dimensions MUST be checked on site prior to works commencing. Variations in squareness, depth of plaster etc., must be checked for. Where low walls are shown as aligned with existing walls, this must be checked by the physical removal of brickwork and or plaster to establish the actual position of the wall being attached to.

THIS DRAWING IS FOR THE PURPOSE OF OBTAINING PLANNING OR BUILDING REGULATIONS APPROVAL ONLY
