Reason for consent – Cabbage palm is non-native and makes limited contribution to conservation area. Cider Gum is a poor quality tree. The remaining trees have a range of defects that render them either a safety concern or unsuitable for long term retention in this location.

As stated in the Town and Country Planning Act 1990 (Listed Buildings and Conservation Areas), the above permission is subject to a six week notification period, with the details recorded in a register open to public inspection. Therefore, after a six week period from the date of notification has elapsed (which would mean after 12 February 2023) subject to no objections being received, the work noted above may be carried out within a period of two years without further reference to myself.

If you have any queries, or require any further information, please do not hesitate to contact me.

Yours sincerely

Mark Antcliff
Woodland Officer

Cc Parish Council
