Hi Mick,

One more thing – on the plans provided it is listed in the constructional details that the roof would feature Pantiles, whereas, on the application form it lists Plain Tiles.

Please could you clarify which type of tile would be used for the roof.

Thanks,

Hello,

I am emailing regarding your current application for 113 Hackness Road, Scarborough (ref:NYM/2022/0864) for a variation of conditions 2, 6 and 7 of planning approval NYM/2021/0497/FL to allow a reduction in size of garage and alterations to design.

I wanted to clarify whether the amended garage design would be clad in horizontal or vertical cladding? On the plans, they show vertical cladding, and the constructional notes also state vertical cladding, however, within the application form it lists 'feather edge board finish – horizontal'. I would be grateful if you could confirm this information at your earliest convenience.

Kindest Regards,

Miss Emily Jackson
